Rev Jackson and Dr. Atkinson

Dear Brethren,

I address this letter to you both thinking Rev Jackson may be away from New York and you would both like to hear about Tucson. Please forward to Dr. J. if he is absent.

I have written to persons in Tucson relative to Church matters and have received one reply — the inclosed. It is from the Gen. Ed. of the Tucson paper — a man of some age & good experience. He has been some time in Tucson

I asked him to publish a notice inviting correspondence with me on the part of members of Pres. or other churches and stated that the Pres. Board was desirous of sending men to places in Arizona where they were needed and would be acceptable. This will call out letters from any Presbyterians who are longing for a Pres. minister &c. if there are any such in Arizona - which is doubtful. unless some of our Whites folks have arrived at this Indian home. —

You can see from Mr Wasson's letter how things are in Tucson. There is at present no proper material in Tucson out of which to organize a Pres. or any other

Church. The denomination that first gets an acceptable man there will be the one that will hold the place. It must be a man who goes to stay & settles down among them. I do not think it would be wise nor best to go over there now and try to push an Pres. organization. It would not be as popular nor successful move as Pearson says. — People here seem to be extremely suspicious of any appearance of denominational selfishness and I think we would do our cause more harm than good by trying to urge an organization for the purpose of getting ahead of another denomination. The way to hold Pearson

is to send a worthy, healthy & talented man there - with a good wife to help him. If the congregationalists get a good Pastor there first and he goes to work and builds up a Church and succeeds by the grace of God in resurrecting any ex-Presbyterians from the grave of wickedness and licentiousness in which they have lain for some time buried I should feel like saying, with strong Methodist fervor - "Bless the Lord."

In the first place I don't think there is yet any proper material for organizing a Pres. Church. In the next place a man would need to stay sometime and find out whether even those who might be willing to go into a Church organization are of sufficient Christian character

Dear Sir: Phoe.

I have given you my ideas & judgement about matters here - especially as to organization. Shall be glad to receive any advice. — Will send you any letters I may receive from Tucson — Yours in haste W W Curtis

Hope in a few days to hear from Mr. White as to what they have done. Came with Sam and a little over the gate.

to be received as Church members. - After observing here how & what those are who are willing to become members of a Church - I have come to the conclusion that the time to organize a Pres. in Silver City has not yet arrived.

These places are very, very different from Kansas towns - where you find a good nucleus of two or three churches. I don't believe in organizing unless you have at least some good & true element in the organization which will be a good spectacle for the world to gaze at.

There are two men and one lady here that wanted Dr. Hunt

the men are here temporarily and do not know when they may go. — Tucson is a very hard place. It is mostly a Mexican town. Some 600 to 800 Americans. Among them about 6 American ladies. Rest are all young bachelors - gamblers &c. to great extent - So I am told. Business very good. Trade with Old Mex. Arizona & Cal. Mining prospects not very flattering on account of great scarcity of water all over Territory. — Some misrepresentations is greatly exaggerated as to numbers. Emigration is something new to them and delights them wonderfully.

You cannot find anywhere more critical audiences than here and in Tucson. A good deal of the criticism is of a hostile character, i.e. they are opposed to religion and come on purpose to find fault & make fun. — If you could secure Beecher and Talmadge for Silver City & Tucson - I would advise you to do so. Beecher - if his late unpleasantness is all true - would be most acceptable to the American men & Mexican women of New Mexico. Talmadge could have tolerable audiences in Tucson for perhaps one year. — Joking aside - it is better to send good men to these places or none at all. You need a much better man in Silver City.

If a man was well supplied with clothing &c. $1000. 00 might do for the first year in Tucson - after that $1200.

Dr. Sir.

You may be somewhat surprised to see a letter from me - but it seemed necessary that we should have your counsel & assistance, at this time.
Mr. Merritt had returned with his wife & upon his finding a home, he concluded to live in - but unfortunately there is none to be found that suits his means with industry his earnings - and labor as any find he feels he could make

some change whereby he can live more cheaply & a good lot can be secured for a Presbyterian Church & Parsonage - but it will not be expedient to think of building a Church at present. And we can worship in the same one we are now using - but we think it would be well to build a small house so that whatever Pastor may be sent here can have a comfortable shelter and to try & raise funds for that purpose now - is out of the question. And both N. & So. Methodists are out with subscriptions for building such a Church but if we should receive additions from abroad

to the amount of
$300. we could readily
make up the ballance -
I thought perhaps you
might be able while
East to obtain something
for us - If we can make
Mr. Murill comfortable
as it is, he feels much
discouraged - he learns
well - Invites for this place
& we would like him
to remain -
Trusting you will approve
the liberty I have taken

Dear Brethren. I enclose notice in Arizona Citizen with accompanying marks. — It may be safely taken as the sentiment of the community i.e. the Eds. article. I think more & more that the only way is to put a man there as soon as possible. If you want to occupy & hold Tucson. If I were to go over and try to organize and spend a month and return here — and then a Congregational

minister were to come there
the next week. They would
take him right along
if he happened to chair
them. On the other
hand if bro Warren
- the Congregational secretary
goes there and attempts to
organize and goes away
promising to send them
a minister. He will ac-
complish nothing and
our man if sent in
first will have his
way clear. So I really
think it not worth while
to try to organize. Will wait

Dear Bro Jackson -

Enclosed you will find my responce to the request of the Board as sent by circular - I hope it will answer the end designed - If it is too long for a place in the columns of the R. M. P. I would be glad to have it and I will enlarge it for a sermon on Home Work for my people.

I have been thinking about that Greely matter and thought I would make the suggestion to let the Church go on the condition that the Congregationalists of Cheyenne let go their interprize there and go in with us. It is hard to make Presbyterians out of thoroughly New England people unless they have been Presbyterians at

Home - "The fate of Bro"
Thompson's congregation
would have been the same
under any other circumstan-
ces - It was the people and
not the relations he sus-
tained to the Board that
gave him the "history
he lived".
I hope Milliken will go
to Pueblo if the Community
is not too dead. He's a
live man and has the
revival spirit to a goodly
measure.
Will the Board insist on
the coupling of Rawlins
to Laramie as a term of
receiving aid - If so I think
Dillon, in New York City,
could be induced to give
what Clark denies -
Fraternally and may the
Lord bless your labours.

As soon as I go among Presbyterians I shall take pleasure in getting subscribers for it.

I would gladly give my time, and pay my own expenses, for 3 or 4 months, in the work of visiting Sabbath Schools and Ladies' Societies endeavoring to awaken an interest in behalf of the ignorant and destitute women and children of our own country, heed & the means; but my time is all I have at my command. My husband's salary is small - our property in the South has yielded us nothing since

the hair and the means required to keep our two sons at school here in Amherst, one in College and the other preparing for college altogether, make it necessary for us to economize closely. So I cannot do for the cause of missions, what I should be able to do.

Please accept my thanks for the "Bulletin of the U.S. Geological Survey" and for the information relative to "Photographs of Rocky Mountain scenery." I shall send to Washington for a Catalogue from which to make my selection of Photographs.

Your letter was received some days ago. Welch was married last night. Church crowded. Handsome reception by ladies of the Ch. in basement. Elegant and valuable presents — about $700.— world. A most joyful occasion. Congregationalists — Methodists, Episcopalians, Mormons and Non descripts all participated in the joy of the occasion. I hoped to raise all necessary funds without going East, but so far have failed. Welch urges me to go East. I reluctantly consent to leave my field for this time — but there will be not be a more favorable time. So I go. Dr.

Dear Sir

Your letter of inquiry was received about a week since and I take pleasure in answering your questions to the best of my knowledge.

(I have delayed writing until now with the hope of finding a member of your church who owned property here & could be of assistance in regard to Church and other matters here - but have just learned that finding any member of your church in my absence from Church -

[illegible] of [illegible] of the oldest
American citizens here and of
some of the principal business
men. I have found [illegible]
very few exceptions, [illegible]
[illegible] to attend and as I have been
busy at work every day during
the week and remain pretty
close in my room of Sunday
I have had but little opportunity
of making acquaintance.

I will answer your
questions to the best of my
knowledge, in the order
you have put them in the
list you [illegible]

1 I do not think there is
[illegible] to be five or six hundred
American citizens here and
perhaps [illegible] Mexicans —

2 (I have not succeeded)
in finding a member of
any Protestant church
though it is probable there
are some —
4 No Protestant church
organization.
6 There has been no Protestant
service here for several months,
the last Minister who preached
here was Rev. Mr. Meador —
Methodist Missionary from
Mobile. He has returned to
that place. I learn that
he had but a very poor
hearing and accomplished
no visible good
7 I have met with no
one who seems to feel any
interest in hearing a Protest-
ant sermon — (If there
is any one who does

hospitality to those who come to
[illegible] but I expect the severe
[illegible] keep it up.
8 The American population
is increasing very slowly.
9 Emigration mostly from
California.
10 There has been an agree-
ment among the Merchants
to close on Sundays, but only
a few of them [illegible] to
adhere to it.
11 Services were held in
the court house. There is
now a new publick school
house where services might
be held.
12 I do not like Seasons.
I think it is not a healthy
place. There has been an
[illegible] every few days
since I came. mostly
among the Mexicans
who have not learned to be
provident. Sickness among

The Americans do not
know anything This is the reason
it is caused by the Mexicans
crowding Together Too many
in the same house

Water only moderately
good - warm except when
it is let stand out standing
the night. There is but very
little fruit - I have seen
a few apples like ones
with the exception I have
seen no fruit except what
the Mexicans call Manai[illegible]
a fruit with a rind some-
what resembling the orange
filled with jelly like seeds of
a sweet subacid taste
They are common I never
saw any before.

13 There are very abundant
deposits of [illegible]

[illegible] here but I think not to any [illegible] extent. The population, as a whole, is very low, but some of them are on a larger scale.

There is some good society here — among the state officials, government officers and merchants and American mechanics, but I think there are but few, very few. Those religiously inclined — I think there is certainly a Protestant minister needed here but that he would labor under many disadvantages is [illegible] to be equally true.

Dear Bro,

Have just returned home from Synod, and because the resolutions on the Board of Home Missions were not adopted until late yesterday, I had only time to copy them & for returning home. Below the inclosed paper is what you desired me to send you.

Another paper was adopted which I was unable to get a copy of, because the vote was not taken upon it until 10 o'clock last night, just a few moments before the final adjournment. I am very sorry I could not obtain a copy, for I think the Secretaries of the Home Board will be

more interested in it than in what I now send you. If I can secure a copy before it is put in print, I will forward it to you. It refers to the Home Mission articles published in the Record of Aug. and Oct. - The paper is a strong one and condemns the position taken by the Secretaries in the articles referred to, and was passed by an almost unanimous vote.

I hope I may hear from you again, and if I can do anything to help you in your work I am at your service.

My dear Sir When my wife was in Greeley about the Middle of the present Month, She was informed by Members of our Church, that the Rev R.G. Thompson had recently been Circulating a petition, Soliciting the names of the Members, asking Your removal, using such influence in obtaining their names as he alone seems Capable I feel sure that a large Majority of the Members of our Church would not lend their names to such an unjust & unchristian Scheme unless prejudiced to your hurt by persistent misrepresentation, which it seems he did not scruple to use

I address this note simply to inform you, if you have not been informed before, of what I regard as a very foul act of Rev R.G. Thompson

My reason for writing this is, because of the bitter denunciations of your last season by Rev R.G. Thompson addressed to our Church, when but a few Sabbaths afterward, when you were

were present, the Lamar Church question being under consideration at an informal Meeting after the morning ~~Session~~ Service, He seemed to appear so friendly to you, & enter so heartily into your Suggestions, which he used so bitterly Condemned you for so recently, that I was led to believe he had treachery in his heart to use against you. His vindictive action in our church has very much divided it & almost destroyed its usefulness & unless a change comes to our help soon, I fear many of our Members will go to other Church Societies in the place. Dear Bro Jackson;

We have made our application to the Board for aid to the amount of six hundred dollars. I have done so with great embarrassment having just learned that the Board is a hundred thousand dollars behind. Had I learned this before I made out the reports for the Church, I should have felt still more embarrassed but I really do not know which way to turn but to the Board. The wages, in the machine shops, are low. We do low. and there is where our support mainly comes. The freights which controll all our prices are higher, at this point, than anywhere else, proportionately, on the Road and our expenses are greater than they have been either at Pueblo or at Black Hawk. We have our first installment of another probably, to come under and we have nothing for it. But I will trouble you no further with "the situation". I will ask you, however to use your influence for us if needed.

Hardman showed me a correspondence between the Congregational and Rocky Mountain Churches at Greeley. The last

Oct 26

ter of a union is under consideration and I think if it could be brought about with the understanding that the Congregational is to join with our people in Cheyenne it would be a good thing - Greeley will always be more or less of a New England town and Cheyenne has the true western spirit and that is the thing to engraft our society upon - Besides the Congregationalists have Home Funds for the support of a Church, and by the arrangement we could soon have Two live Churches on the Board in Colorado - One of the Brethren Montports has been called to Pueblo - He will go provided the Board will give 1000$ - a very modest request for the Church tho' I do not believe him - for he will need it - Matters are still dull here. With many prayers for the prosperity of our Zion I remain

You will probably see from the papers the doings of our Presbytery. Bro. Welch was duly Married and installed with most enthusiastic manifestations of approval and affection on the part of the people. Sorry of your absence. Presbytery and people regretted it.

I was empowered by Pres. to recommend a man for appointment to Utah. I mail with this - the nomination of Rev. Wm Johnston of East St Louis - a man thoroughly alive - deeply consecrated and in my judgment (humble though it be) peculiarly fitted for the field. He is thoroughly biblical - profound for a young man yet simple in his preaching. He wants to go. Please urge his immediate appointment.

The ministers of St Louis gave me the entire time of last Mondays meeting and on motion of Dr Niccolls gave me a unanimous and strong endorsement. Dr N. has invited me to present my cause from his pulpit at an early day. He is here today to install Morton over Westminster church. At Dr N's suggestion I came up with him hoping to reach the Jville folks more effectually through him. I am encouraged to hope for $500 from St Louis.

Dear Bro Jackson.

I send you a letter from a man in Tucson who is lately from Nebraska and stopped here awhile and went on to Tucson He is a member of the Christian Church and a doctor and a very good man. Dear Bro.

Yours of the 25th inst has been received, & I am thankful to you for the letter & for Whitall of Omaha. Before reading it on, however, I thought I would drop you this note, & say, that if it is at all possible to get an order for Ed to pass over the U. P. road, it would be much more satisfactory & agreeable to our family. They are now living near Cincinnati, & in coming from that place, it would be much more direct, & attended with far fewer changes for them & cars by the C. & N. W. than by Omaha & the U. P. road. My wife will have four children with her & have to take care of them all by herself. Under such circumstances, dreading changes, she will of course wish to pass as few of them as possible. By the U. P. route

She would have three or four to make; by the R. R. both one — the one at St. Louis, & there I could have a friend meet her, & assist in that change.

I dont wish to seem ungrateful for what you have already done, or to burden you with any extra work, but for my life's sake, unintentionally timing & returning, I could not take milk, & ask for a change in the route, if it was at all possible to effect it.

Bro. Leibrock will return the photographs of the church when done with it. Fortunately he has the ground plan & elevations of the same building on hands (loaned by yourself) & I think that the committee will build after that model, only substituting brick in the place of wood.

Yours fraternally

Rev. Sheldon Jackson D.D.

Dear Bro.

In reply to your request for a copy of Resolutions relating to the Board of Home Missions adopted by the Synod of New Jersey at its late meeting I have to say that no Resolutions of that character were introduced and of course none were adopted. A Paper from one of the Presbyteries relating to an article in the August Number of the Monthly Record sent to the Com. on Bills and Overtures (committee) that Committee reported a Censure of the article as at variance with

the principles upon which the Benevolent work of the Church should be conducted
The Report of the Committee was accepted and placed upon the Docket Near Midnight of the closing Session of the Synod the Matter was again called up but was then laid upon the Table

Yours Sincerely

My Dear Brother -

Inclosed I send you some Communication which passed between the Cong. & Presbt. Churches of Greeley - Col - & steps have been taken to bring about any union - At the recent Cong. Conference here - Rev Mr. Packard of Greeley was here - & preached for me last Sabbath (Morning - In Connection with him I suggested that the Congregationalists at Greeley unite with the Presbyterians & that the Presbts at Longmont unite with the Congregationalists of That would bring to the Winning Church &c are hopes of Cordially

In that Case – I think that Packard would take charge of of the United Church – if desired. But it appears to be the general impression that Father Thompson is the Chief Obstacle in the way there as Greeley – His reply – you will notice – is very evasive –

At last the "Central Church" (of Supreme Selfishness) of Brown have broken ground – I am digging a Cellar under the whole building. One of their Trustees – (Johnston Bros) says they hope now to get the "Elephant" on their hands – Dr. Lord is held chiefly responsible for this – & has been pushing them on with the threat that he would not stay unless they went on & built – & get his own little House is not full – but still has" room enough to speak –

For a Man of his years – I confess that he is the strongest Man I ever Saw & No doubt they took Encouragement from the action of the last Meeting of Presbytery at Golden – Again & Again have I heard their "deliverances" on this subject – Spoken of – "As timid and Cowardly" – & I am free to confess that it did not Elevate the Character & Authority of Presbyterianism – My Church in my opinion!

Of my own Church Affairs – I am happy to say that things are moving on favorably – Several New families have come in – & several will unite with our Church next Sabbath – We have just received between 30 & 40 New books for our Sab. School from the Presbt Book House in St Louis – paid for in part by our Sabbath

We are looking for a good work

Dear Bro J-

You will remember perhaps my receiving a letter while at your house stating that a suit of clothes was forthcoming from an Eastern church-

The "box" and suit are received- The suit proves to be a single summer coat.! And the outfit for Mrs. G. is about as complete as mine- The contents of the box are good & well

made clothing — but just what we have no use for & did not send for — I presume its value will be about 30.$ But it is not worth to me its price (over 5$) wh. was not paid

They seem to think that a ministers wife should have a variable quantity — ie. One dress newly made — just fits my wife — another also newly made would fit Bro. Henrys wife's

And the rest which fits one she wont need — while the one she can't wear is what she wants now — Willie's are the same way — Some things he could have worn a year ago — and some

things I can wear a year hence. But scarcely any thing is the top that we can make us grow — I am out of pocket the amount of freight charges &c. — so far as supplying immediate necessities is concerned — Just when I could afford it. Have you given my name to any church for a box — Please let me know as I wish to make some changes in the list you have —

What have you done in reference to a "box" for mother?

I will need for my self not only a black lindy suit ~~for myself~~ but an every day suit since that Pa Eh. plays

off on me - Ch. matters are encouraging

Longmont, Colorado
November 6th 1875

Dear Bro. Jackson;

Our church at Longmont is under contract for $2550. apart from seats & pulpit, & is to be finished by the first of next June. The contractor has commenced, will soon have the foundation in, expecting to push the superstructure on to the enclosing of the building this fall, providing the weather be favorable.

We have complied with your proposition as regards location, the lots costing us just $100, your proposed additional subscription. We have fixed the limitation of time for the payment of those lots to February first, supposing that you would then be ready to meet your engagement

We are moving also for a church at Nederland; one man heading the subscription with one hundred dollars. Others followed with fifty. In an hour the other morning, I secured subscriptions to the amount of three hundred & twenty five dollars. The whole town have entered into the spirit of it & are rejoiced. Will you be able to encourage them any in this good movement? With all their liberality, it will require a vigorous effort. And now it should not be a failure. Glory be to God that He is moving the people in these places in my field. Oh that he continue to smile upon us, & work among us by his Holy Spirit promised, until the hearts of all be renovated, drawn to Him, & Satan's kingdom utterly demolished, fallen!

Cannot speak so favorably of Caribou simply on account of the Scotts. I have not a grain of faith in their christianity. William, though an Elder, has deceived me, spoken contemptuously of you, abused me most shamefully, lied to me repeatedly & wilfully. They are stumbling blocks in the way, over which sinners are stumbling into hell. And the sooner they are removed out of the way, the better for our church in Caribou. The Saviour does not need in his service liars & hypocrits. All such persons should be just where they naturally belong.

And then for us to lose out of our salary in one year, what a hard one, three hundred dollars by their villany! It is too bad! It is like blood-letting in a missionary's life. It's a large part of his living! And oh to what sad privations it is subjecting us! Indeed, humiliations! Why did they so deceive me! I regard it equal in criminality to a wilful robery! Aye, worse. Had they come to my house, I could have acted on the defensive; but this is a species of robery in which I must suffer & have no chance for defence.

There ought to be at once a man for this field — to spend all his time there. Only think of it! Here I am with all this trouble & two church buildings upon me! And at once

there ought to be a movement on foot for a church building in Canbon - the Scott Bros notwithstanding to the contrary. And to hasten the work they ought to be hastened quickly out of the way.

And then there is Valmont: It is near to Longmont, & is just the field for me to work up into a condition of health & spirituality. Have spent one Sabbath there, & am to spend next Sabbath. The great trouble is there never has been any pastoral work done at Valmont: This done all is healed!

God bless you, my dear Bro. & control us all for his own glory.

Dear Bro. Jackson,

Rev. Allen J. Russell of Litchfield Minn. was named to me one Sab. recently by a stranger in my congregation, recently from Litchfield, as one who was ready to come to Colorado to work in the ministry. Do you know him and is it best to open correspondence with him. I have learned of no changes in our Public since I wrote you last, nor heard directly from any of our wards, save Seibert, who called on me, who is exceedingly anxious to have somebody sent to the Mountain part

of his disease, being ready then to quench Dalhousie, at present resuscitated, with Longmouth.

In the recent meeting of the Leeng. Ass. there was a little talk about Security, in which Dr. Lord (& myself were invited to share, but it did not amount to much, save the rubbing of a few wordy corpuscles. Haskell was so much known that Shuttleworth rather bowed upon the matter, and the expanding members were a little cautious.

Scarcely a sign of improvement in my poor clinch yet. The

Sunday morning badly by running a new debt for a new organ, which nobody can play well, just when they are too poor to pay their pastor. Nothing seems to run smoothly that is undertaken, and much that should be undertaken is neglected. Dove & Reigart my new helpers, I am leaving Corinth; some of the older ones have wearied of their helping and hang upon me as dead weights.

Will the Lord come and work among us? I seem unable to accomplish anything. I never before felt so fledged in, never before found myself so clickmindled at

the bow. in Indiana on Ecl. Presb.
does you much injustice.
I am sure that Thompson
and sympathizers in the
Cumb. Ch. cannot do any-
thing touching your re-
lations to this Synod, that
should have the slightest
influence with the Board.
Here surely is great need
of a man in your office
on this field, and you
can do vastly better in
it than any new man,
who could not in years
gain your vantage ground
for work. Thompson's malice
& meanness blossomed out
in Presby. as I never saw
them wilt-blossom out
before in any Ecl. body.
Don't be disturbed —

Dear Bro. Jackson

I have been trying to return time to write you, for some days past.

I am well and our work goes along smoothly. I am getting adjusted to the new order of the domestic arrangements, and am persuaded that - unlike the wine of the orient - the new is better than the old.

But - what - I want - to write you about - is our latest - arrival Elder G. F. Bird; he and his wife landed here on last Saturday, and went - to Bingham on Yesterday A.M.

I like his appearance pretty

well. I think he has good
Some sense, and he Seems to
be a pious devoted Xn. I am
afraid his Capacity is want-g
Energy and Executive ability.
I am a little fearful that he
lacks the Snap necessary to
Success in a mining Camp, and
yet I may be mistaken in my
Estimate. He has a nice wife,
a real lady, who will help him
greatly in his work, if She has
Strength; She is Somewhat del-
icate, and he is not overly
rugged.

But the worst feature in
the Case is that he has Can-
dled here out of money.
He told me while here that
his exchequer was pretty low,
but as Soon as he landed in
Bingham, he Sat down and

wrote me that he is about
to the last dollar. He is stop-
ping temporarily with Mr. Ells.
But Mr. E. has neither the ac-
commodation in his little house,
nor the ability to keep them.
Bird thinks he had better fur-
nish a little house, and take care
of himself rather than board. But
he can't do that short of $150 or 200.
I could get the money for him by
coming individually responsible, but
I don't wish to do that. I find I
have all on my hands that I
can carry at the present.
Now do you know of some individual or Society, who will lend
a helping hand. He is here
and we must not let him suf-
fer now. It will do the cause
a great injury in Bingham, to
say nothing of the mortification

Cause inconvenience to you or Bird.
Let me hear from you by return
mail. If you say you can help
out, I will get the necessary funds
for him, temporarily. I have just
written to him to make some
temporary arrangement for a couple
of weeks until I see what can be
done. I think I will him then I
am writing you. I am going to
write Dickson & Kendall and see
if there is any hope of a small
donation on his travelling expen-
ses. I wrote Bird to settle the
question whether he ready to
settle in Brigham before he
fixes for house-keeping.
I am looking for McMillen. Re-
ports from his School, in charge of
Miss Snow are good. They think
everything of Mc down in San-

Dear Bro. Jackson;

Your letter care of T. P. Irwin was forwarded and received. It contains a liberal offer of aid - and I will accept it this far if you please. - Will you see if anything can be done by the Church Erection Soc.?

The officers of that Board implore the pastors to exclude all pleas for special objects from their pulpits and congregations - and the churches say that the Board should bear the demands of such objects since they contribute to its funds for such purposes.

Hence - for this reason - comes in Mexico. If you think it

foreign to that Board - Surely
no provision has been made
for it unless it come under
the head of the Foreign Board.

I confess I have seriously
considered the question whether
or not it ought properly belongs
to that Board. The people are
the most part foreign. Their
religion is not ours & Christian-
ity no recognition - their allegi-
ance is as much alienated from
our govt as that of the Hindoos
and the necessity of providing
a place of worship and instruc-
tion as great as if I were

If the 3d of Ch. erection

Rev Sheldon Jackson D.D.

Dear Brother. A word about West Las Animas will not be amiss, even if it should contain a request for help. Help for those who are trying to do something for themselves is more easily obtained.

You mention in the Rocky Mountain Presbyterian that we need a parsonage. Well we are going to have one.

I am circulating a subscription paper here for it, with tolerable success, and will begin the work in a few days, hoping that

the Lord may put it into the hearts of some friends of missions to speedily supplement what we are able to do, so that we may have a shelter without paying $20. or $25. dollars per month for it. A little more than $300. will build us a house with two good rooms, with which we will be satisfied till we can add to it.

The ladies have organized a mite society, and propose holding a fair towards spring for the benefit of the Presbyterian church, which may be used on the parsonage if needed, but we can't wait for the results before making a beginning.

The M. E. Ch north have a church building underway

but the work progresses slowly for want of funds.

Our congregations are improving, though we have no indications of special interest.

You know the character of our town. Perhaps three fourths of the people never come inside of the church to hear a sermon. How to reach these people has been a question about which I have thought and prayed much.

A week ago last Sabbath I obtained permission, and preached in the largest dance hall and gambling saloon in town, to a respectful and attentive congregation of upwards of 100 of these men who never go to church. Wife and two other ladies went with me to sing.

The church going community regarded the procedure as of doubtful propriety, and expressed surprise that we were not grossly insulted. I believe that this is the only possible way of reaching these people who have given themselves up to wickedness. I expect to continue this kind of work as opportunity affords, though it is not countenanced by many who ought to lend their moral support. Brother pray that my labors may not be in vain in attempting, in the name of the Lord, to win these men to Christ.

I have not yet received my commission. We are living on borrowed money at 2 per cent a month in advance. Wife is teaching a class in vocal music, to help along a little. This morning I sold my

Rev. Sheldon Jackson
P.O. Box 3863. N.Y. or Sir

Yours of Nov 6. reached me in due season. We had just written the Rev. James Robertson of Elbridge N.Y. and are waiting for a reply from him - I had heard of his willingness - and also that he hesitated to come without a definite invitation, neither did he say he would come to Georgetown — We have several on our list, and hope to get one before long - indeed we must have one or our congregation will get scattered and lost to us - Should not Mr Robertson communicate with us in a few days - we will open correspondence with some other one. Do you know of the Rev John Laird. of Patterson N.J.? he is recommended to us if you know anything of him or can learn - please write me -

THE CHIEFTAIN.

DAILY & WEEKLY.

LAMBERT & Co., Proprietors.

Pueblo, Colorado, Nov 20, 1875.

Rev. Sheldon Jackson,

Dear Friend:

Your communication, informing me of the action of the Board, has been received. We (the church) are sorry the Board has not done more for us.

Acting on your advice, another application has been written and signed, which will be sent to Rev. Hawley, Chairman of the Presbytery Committee, on Monday, and will ask of them prompt action and application to the Parent Board.

Please write immediately and let me know how soon, and at what time, the Board can and will act on the renewed application. Also what the

Board meant by only allowing for six months instead of the year asked for. Do they intend to give same amount for the next six months, or more, or less, or anything? We don't quite understand how to apply it in our calculations on the Pastor's salary. Please explain it if you can. Where they give for six months, is it necessary for us to apply again for the following six months of the year?

We want the Board to help us this year — it will not be necessary hereafter for so much help — for if we do our part with Bro. Comfort this year we will be stronger than ever.

Will write again in a few days.

Your sincere friend,

J. C. Latham.

Dear Bro. Jackson:

Yours of the 15th inst. just received. Very glad to hear from you & have the words of encouragement.

Of course your subscription will be included in the Mortgage deed which will be given to our Ch. Er. Board. Am glad you say you will be able to meet the latter subscription Feb. 1st. We have had some little trouble securing a deed for those lots. But all is righted now. The Trustees had to give their note on interest from Feb. 1st at one per cent.

My sense of christian honor was very much offended at the conduct of the Scotts. but it is all overpast now. It is just simply my loss through their deceit. Have now said all I ever intend to say.

Am very glad the guilt rests upon their souls, not mine. Believe also that the Lord will make up for all losses sustained in his service. This is my greatest joy. You are right as to a Presbyterial committee. It ought to be send. Such wickedness should not be winked at by a church court.

Spent last Sabbath at Valmont. Had a large audience, notwithstanding the storm. The house was nearly filled. Friday & Saturday previous I visited all the church members, having a word of prayer in each family. Snowed nearly all of each day. But the Lord prepared the way & wonderfully aided. In one family after prayer, a young man was all broken down. "Are you a christian my dear boy?" I inquired. "No," said he, "but I ought to be." He wept freely; so did his father & mother who had become remiss.

In these visits I found right persons who are now ready to unite with

the church. There may be many more whom the Lord is preparing to be gathered into his fold.

The fact is, my dear brother, the church at Valmont has been very much neglected. Not any pastoral work done in four years. "You are the first Presbyterian minister that has been in our family since we came into the country, we have been here four years," said one lady. "I do like to see my minister occasionally, have him pray in my family," said a gentleman.

But, my dear Brother, what am I to do with all this work upon me! Only think of it! Two church buildings on hand & thirty four miles between them, & four congregations! Am I equal to such work? O how I wish there was more work in Bro. Anderson. He could just as well as not supply Valmont if only the work were in him. But the fact is he neglects the pastoral work in Boulder. Oh what need of earnest workers!

Mrs. Tetsworth has just organized a Ladies Missionary Society at Longmont. Already there are thirteen members. Hope it will grow into a power for God's glory. We can certainly use it to this end.

Glad am I to know that you are thinking of us. Have never in my life been in more straitened circumstances. But the Lord seems to smile. Had not a dime a few days ago, but just then a letter came from Mrs. Stites of Wyoming, Penn a. containing eleven dollars. "There," said I, "is an answer to my prayer. Blessed be God." We left a few articles at Clark City, Mo. to be sold. And from this source we received five dollars. So we have now sixteen dollars to live on. Quite a little sum.

We are all well. Wife & children unite in love to you.

Would not the Bd. now commission a man for Ardeland, Caribon, Goodhill & Sunshine? Too much work for me.

Denver Nov. 22nd 1875

Dear Bro. Jackson.

Feilsworth has dropped Caribou & Nederlands and taken up Fairmount — this on his own responsibility. I think this action worthy of approval, since Fairmount is of some importance and much near the base of operations. Now what can we do for the Mts? Don't hear more of Hegeman. Nobody yet for Fairplay — Stewart of Evans has

been disabled by sickness, but now better. He speaks again for a man at Ft. Collins. James Robertson of Oswego N.Y. whom I named to the Georgetown people writes them of his decision to go to California and they have now written to Rev. John Laird of Pattison Pa. H. B. Gage seems to be rather unsettled at Central —
Stewart of Golden has just called - has purpose to organize at Golden - large ones at Blk Hawk & Idaho Springs - plan works well

Rev. Robt. MacMillan has gone to Evans Bluffs. 17th finances running low, and things dragging generally. Shall be glad to get of the Board balance of last yrs allowance ending with Sept — support the Mission is greatly overdrawn —

I Enclose $2 cents. subscription of Rev. S. B. Reed of Evans. Col for your paper, which please send Him —

We have had some damp, chilly weather & some snow, but it is now Clear & fine —

My dear Mrs Jackson.

My brother failed to get a pass from Kirn because of stricter regulations since Jan 1.

I at once wrote to Kirn enclosing your letter asking for half-fare permit, and asked him to make it good for Las Animas or Denver.

He makes it good for Denver only. The fare to Las Animas from S. City is $35.00 and to Pueblo $49.00. - making it $39.00 to Denver & Colorado. At half-fare rates it will cost $2.00 more to Denver than to Las Animas - Perhaps you could

get me special rates on Denver & Rio Grande Road. I have a mind to shoulder the additional cost and come around via Denver & Pueblo. — What is your advice on this point? I would like much to see Denver & and could meet you at Denver — who would be more convenient to you than at Los Animas or Trinidad. Would like much to see you. —

My coming this way now has been providential as regards saving fare. ~~Through~~ Through a friend in the P. O. Dept. I have obtained a pass from Mr. Barlow — J. Barlow Sanderson — good from Los Animas or Pueblo to Santa Fe, He gives me also

a recommendation to his friend Col. Bennett of Merilla. N. Mex. for a pass from Si Fe to Merilla - he thinks his agt. at Si Fe will give me the pass - or I can wait a few days to hear from Col Bennett. —

I have a pass from Merilla to Sil. City. — So the Board will be saved the entire stage fare if all works well. —

I will never have a chance to see Sonora so cheaply & easily - and the Country South. — Seems to me I had better come that way.

I am much better and expect to start two weeks from today or sooner. & will get through Kansas as

SAM. P. DALE,

ATTORNEY AT LAW AND SOLICITOR IN CHANCERY,

CANON CITY, FREMONT CO., COLORADO, Nov. 23, 1875.

Rev C. N. Hawley, Denver Col.

Dear Sir;- Our minister, Rev. Geo. N. Smith, has informed me that he will to-day write you with reference to our church needs, and certain help: Whereupon I am moved to say to you, this:

We have gotten rid of the "mechanic's lien" which threatened to deprive us of our meeting-house, and have succeeded in providing for all existing indebtedness except two hundred and fifty dollars, ($250.00), in round numbers (though I think it is a few dollars more - we will take care of the "more") which runs on us, and must now - it is due to men who are poorly fixed to wait, and must it - we are suffering, as a church, in the community, as being a society able to incur but unable to pay just debts; - Let it be said thus - let it even be urged that our meeting-house should not have been undertaken when it was, still I feel that it will get us where that the builders builded better than they knew, if we only can get it into shape to meet our liabilities. A loan at reasonable interest, for not less than a year would, I think, take us over this shoals. Can you help us - rather, can you as moderator of the H. M. Comm., find us help?

For Mrs. Dale and myself I thank you for your share in sending "our minister" to us. He is fast putting things into working trim, and does good pastoral work in visiting, and withal gives us sermons which thus far are, each, an improvement upon the preceding - as sound in doctrine, and more within the popular appreciation than those of Mr. Van Der Veer. - But one thing is urged against him, to-wit: He is too lively, and jokes! Certain ones then say "he'll never amount any body!" - Now, as I don't believe that the ministry does the worrying; and, as Mr. S. neglects no duty, and does not abate one jot of remembrance for The Word by reason of his sprightliness, and jokes, I feel like saying, and do say, if we only all had more of joy, good cheer and sprightliness, with corresponding zeal, in our religious lives, Canon would not be so many long in coming the kingdom of Our Lord! - Wife and I, and also many others are thankful for his coming; and, in full hand in his being present - the number of members has already increased, and we hear of more who are coming in with us - some of whom have been kept aloof a long time, with letters in their pockets, and some of whom will be of value financially. The impression made by the young man is most favorable; and, the out-look is favorable. -

With best wishes and kindest regards for yourself and family, from myself and family, I am, Yours Truly, Sam. P. Dale

Your telegram from Carlisle Pa. is just here. I have mailed to-day letters to Rev. J.C. Young D.D. Prof. & to Hon Joseph Henry L.L.D. Smithsonian Institute introducing you & making the object of your visit known & ask when you can call upon them if they have received the letters.

Dr Monteith was in my office this morning - he asked me to say to you that he would go N.W. in Locomotive on Tuesday 1st Dec & at Northfield Mass on next Tuesday & Wednesday

the 30 inst or 1st prox. You can best judge of price, & when, your business requires you to see him.

I found a package for Mrs Dickson from the Union of Mrs Dickson which I know would suit you & brought yesterday. Accept thanks & assure Mrs D— of the grateful acknowledgments of Mrs. D.

Hope you had a day of reunion & general thanksgiving & gladness yesterday. I preached at 11 a.m. & rode, wrote, & slept the rest of the day seeing nothing of a dinner & "pumpkin pie" at 1 P.M. & another at 4 & 5 P.M. at 7.30 P.M. I survive somehow & dine & am about this morning.

Laramie City, Nov 29. 1875-

Dear Bro - Jackson:

I am much obliged for your kind remembrance of us in our deep embarrassment. I feel resigned to the action of the Board believing, as I do, that they are guided in the matter by Him who appoints our changes and fixes the bounds of our habitation. For the last three months we have confined ourselves to the bare necessaries of life and for these we have had to run in debt to too great a degree having received in five months from the Church, in money, less than 20 $. There has been one more effort with Supt. Clark for a pecuniary - Should that succeed I think I can get along for the present provided some providential interference relieves me of what I am now behind. I hope it will succeed for, apart from its bearing upon our living, it is enough to make one's heart bleed to think of these two Lehmans and Rawlins, never visited by a Minister of the gospel, and wholly given up to wickedness and irreligion. I can now have access to them if I can get a pair and be otherwise sustained. over -

We had a fine turn out last evening to our Lecture on the history and Causes of Modern Infidelity and while there appeared interest on the part of all there seemed to be seriousness & spirit some. What a glorious thing a Revival would be! We have received another member, one of our promising young men, on profession of his faith, making six in all to receive.

Your Bro' in Christ.

My dear Sir — After you left, I decided not to talk with Mr Sturtevant until I had written & heard from you, and have defered writing to you until Mr Follett & family should arrive from Ohio. They have come, and a Mr Leonard (who called see you) & myself, from conversation with Mr F, think, we would be willing the Presbyterians should have the field, providing they will build a church as I understood you to say they would. The first interview I had with you, all put together in our place could do but little towards building a church at this time, but as you will notice by the circular sent first mail, that we have reason to think our place will fill up next two years. Mr Pabor has from 600 to 800 correspondents. Will the Home Mission pay $2,000 (in case it can have the field) towards a church. That will cost $3,000 or $3500. provided the balance can be raised, part in money & part in our property to be put in at same price we put it to colonists in cash, which property you could convert into cash in N. York, I presume. This is now a desirable field. I will have more to say, you will notice what is said about the County seat — our Greeley people are ready to help put it to our place & Evans people acknowledge that they cant help it and as we have already said they would vote to remove it to Platteville. I was in Evans yesterday & called on Mr Sturtevant who showed the needs of their Church. We need a little more — yours truly W. E. Pabor

(~~Preserve~~ S.f.)

Heard from you a few days since from a gentleman who had heard you before the Synod of Albany. I have no idea where you are, am not sure you know yourself.

As I told you at Presbytery, I fear I cannot stay at Central much longer. They give me neither material nor moral support. The salary is in arrears during the two years over $800.00 dollars. I know not why, but they have almost deserted the prayermeeting, and I am unable after months of effort to get them to come unitedly to the work in S.S. and regular attendance. Last Sab. (a beautiful day) there were 36

present in the morning and 20 at night, and some of them strangers. They say there is no objection to me, and protect against my thinking of leaving.

I am totally discouraged. This summer they paid me only $50.00 a month and you know it cost nearly twice that to live. I am in debt, and should resign now. I could not get out of the town without being more deeply in debt. Mr Vanderen broke up my arrangements with Black Hawk, and yet during the twelve mos. (Oct. 1, '74 to Oct. 1, '75) he collected only $765.00 for my salary!

Is there any field vacant in the Territory? I know of none

that I am willing to go to, such as Fairplay is Rosita. I do not want to leave the Fruitvale. Nor do I want to leave Central. I do not see how we can ask for aid from the Board without enlarging the field to take in Idaho, a ch. which is "do-less" in every way. Bro. Stewart is supplying B.H. every second Sabbath with great acceptance.

I have very little hope that we shall ever be able to raise the enormous church debt, the int. of which is enough to completely make us self supporting, if the house was ours. Miles Patten threatens every time he is in town to

advertise the house for debt.
The ch. property is really no better
off today than when those ridic-
ulous coupon notes were given. They
paid the int. and no more; truly
an enormous rent. I will
never again accept a call to a
ch. sinking with debt. During the
past 8 months I can understand the
temptation ministers have of going into sec-
ular business. I have been oppressed so
I could not make my Sab preparations
except under the weight of it. The Cong.
ch. is working hard against us, in some cases taking
off new coming Presbyterians. Our ch. is asleep, & has lost
its first love. VanDerau has discovered a rich Felluride
mine 6 miles from "Sunshine", & will probably move to Boulder soon.
If you get, and answer this soon, you may aid
